

PRODUCTS

UsbBug - TECH SHEET

FEATURE TYPE	VALUE	OTHER
USB Cable lenght	1.8 m	
Power Type	BUS powered	5.5V / 500mA
Interface standard	USB V1.1	
Full data speed	12 Mbps	
Low data speed	1.5 Mbps	
Dimensions (mm)	W85, H35, D120	
Supported platforms	Win98/NT5, iMac	
Ports	4 (global over current protection)	

UsbBug is bus powered, this means no separate power supply is needed. This also sets some limitations of usage. UsbBug is for low power or self powered devices only. If you connect another hub to UsbBug it must be self powered.
